Mr Steven H Gunderson
Rocky Flats Cleanup Agreement Project Coordinator
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, CO 80222-1530

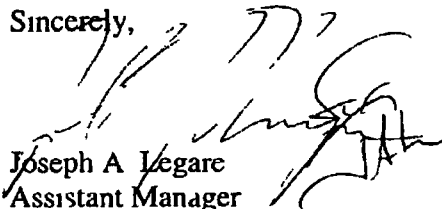

Dear Mr Gunderson

In accordance with the Rocky Flats Cleanup Agreement Standard Operating Protocol (RSOP) for Component Removal, Size Reduction and Decontamination Activities, this letter and its enclosure is notification for RSOP implementation. This letter notifies the Colorado Department of Public Health and Environment of the decontamination or removal of contaminated portions of Buildings 865 and 866 for the closure of Resource Conservation and Recovery Act (RCRA) Interim Units 40 17, 40 18 and 40 19. Activities will be designed to achieve the closure performance standard, protect human health and the environment, and minimize waste. Specific work instructions, with engineering, health and safety, and waste management information, will be developed in accordance with applicable Rocky Flats Environmental Technology Site policies and procedures.

The appropriate documentation required by the RSOP is enclosed with this letter and provides the necessary information. This work will be conducted in accordance with the work control documentation prepared by the subcontractor. The exact methods and process selected by the contractor and progress of the activities will be communicated through the consultative process, particularly the monthly production meetings and weekly project meetings. The facility will not be breached during the activities covered under this notification.

Questions may be directed to Steve Tower, Rocky Flats Field Office, AMP at (303) 966-2133

Sincerely,

Joseph A. Legare
Assistant Manager

for Environment and Stewardship
